

Minh N. Tran

PROFILE SUMMARY

Master's graduate in Information Science with experience in software development, product design, and user experience research. Passionate about bringing digital transformation and eager to tackle complex challenges through effective engineering and human-centered design.

EXPERIENCE

UX-AI RESEARCH INTERNSHIP

Sep 2024 – May 2025

RABOBANK | UTRECHT, NETHERLANDS

- Designed conversational strategies to improve the response clarity and engagement of AI chat assistant using Python, OpenAI APIs, and Azure.
- Migrated Streamlit prototype into production-ready Vue.js chat interface, ensuring scalability and enhancing UI performance.
- Implemented user feedback system and led usability tests, identifying major bugs and pain points in chat interaction.
- Conducted A/B experiments and data analysis, showing over 80% positive feedback with an average satisfaction rating of 5.5/7.0 for best performing chat model.

SOFTWARE DEVELOPER

Nov 2022 – Jul 2023

NUCLENT | HANOI, VIETNAM

- Collaborated directly with enterprise clients to gather requirements and build scalable React.js/Tailwind interfaces.
- Built an eKYC loan application web portal for VietinBank and Grab, streamlining user onboarding to 5–10 minutes for thousands of customers.
- Developed a minimum viable product of Customer Relation Management (CRM) dashboard with refined data structures and user workflows for Lotte Vietnam.

EDUCATION

MSC. INFORMATION SCIENCE, HUMAN-COMPUTER INTERACTION

Sep 2023 - Jul 2025

UTRECHT UNIVERSITY | NETHERLANDS

- Specialized in product design, user experience research, data analytics, and artificial intelligence.
- Final thesis on the user experience impact of conversation strategies on large language model chatbot.

BSC. COMPUTER SCIENCE, MINOR IN PSYCHOLOGY

Sep 2018 - May 2022

UNIVERSITY OF MINNESOTA - TWIN CITIES | USA

- Studied algorithms and data structures, software engineering, and web developments.
- Capstone project on creating a 3D drone delivery system simulating smart route transport written in C++.

SKILLS

PROGRAMMING

Python • JavaScript/TypeScript •
HTML/CSS • PostgreSQL

TECHNOLOGY

Git • Docker • Figma • Jira • FastAPI •
Frontend (React.js, Vue.js) • Cloud
(AWS, Azure) • Machine Learning (Py-
torch, langChain)

USER EXPERIENCE

Qualitative & Quantitative research •
Journey Mapping • Personas Creation •
Wireframing & Prototyping • Interviews
• Surveys • Usability Testing

DATA ANALYTICS

Data Cleaning & Preprocessing •
Exploratory Data Analysis • Statistical
Tests • Data Visualization • A/B Testing

LANGUAGES

English (Excellent)
Vietnamese (Native)
Dutch (Beginner-A1)
